

HEKA⁺ Patient Chair

Upholstery colours

Upholstery and exciting colours are important to create a comfortable atmosphere

Comfort and Comfort Premium upholstery

The chair is supplied with Comfort upholstery as standard, offering a supportive and comfortable experience for patients.

For enhanced comfort, Comfort Premium is available, featuring memory padding that adapts to the body, providing a super-soft, supportive feel – especially during long treatments.

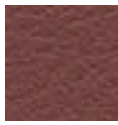

Choice of upholstery and colours

Bio Balance

Based on materials made from 80% natural and recyclable raw materials.
Produced using 100% CO2-neutral energy, reducing the overall carbon footprint.
